This colour chart shows just a small selection of the designs we have created and will hopefully be a source of inspiration. We do NOT offer a standard range of flake finishes, instead preferring to create unique and bespoke designs for each and every project/customer to provide the ultimate in design flexibility.

PLEASE NOTE: Due to variations in printing technology, we are unable to guarantee that the colours shown above will correspond exactly with the actual colour of the finished floor. Please contact us to request a sample which will provide a true colour match.
